On October 11, 2012, the Board of County Commissioners approved to codify Otero County's Ordinances into one simple Code. Codification is the collection and organization of all our ordinances of a general and permanent nature into a numbered and stylized document that is easy-to-read and easy-to-access. Codifying can also include review and revision of your ordinances to correct conflicts and inconsistencies.

The adoption of the Code establishes the Code as the permanent, enforceable system of law in Otero County. It will ratify the new numbering system, as well as the substantive revisions made during the process of codification.
