**RESOLUTION ADOPTING A LIST)

ACT OF 2017)**

RESOLUTION NO.

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of Yuba County are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, Yuba County must adopt by resolution a list of all projects proposed to receive funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, Yuba County will receive an estimated \$2.25 million in RMRA funding in Fiscal Year 2019-20 from SB 1; and

WHEREAS, SB 848 (Ch. 46, Stats. 2018) allows local agencies to expend other funds on eligible projects and to reimburse the source of those funds when it receives its future RMRA apportionments from the State Controller; and

WHEREAS, the County is invoking SB 848 and borrowing \$9 million from the Yuba Water Agency to advance fund many more lane miles of road rehabilitation work that would otherwise have to wait years before completing, providing an immediate profound benefit to the citizens of Yuba County; and

WHEREAS, the \$9 million loan will be repaid over a 10 year period using future RMRA apportionments over the same 10 year period; and

WHEREAS, the funding from SB 1 will enable Yuba County to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the travelling public that would not otherwise been possible without SB 1; and

WHEREAS, the RMRA funding will allow Yuba County to maintain and rehabilitate 55 to 60 miles of roadways throughout the County this year and hundreds of similar projects into the future; and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive benefits statewide.
