Recommendation:
Adopt resolution proclaiming the existence of an ongoing local emergency in the County of Yuba due to Historic Rainfall.

Background:
Due to historic precipitation and snowmelt beginning on approximately January 7, already full tributaries and reservoirs swelled causing widespread flooding within the Levee Systems along the Yuba and Feather Rivers on January 9, 2017.

Discussion:
The flooding which occurred along the Yuba and Feather Rivers of the County, required the evacuation of persons from their homes and businesses, emergency response by law enforcement, fire services and emergency services personnel and caused damage to public and private property. Due to ongoing floodwater inundation, the damages cannot yet be calculated. Therefore, it is recommended that your Board proclaim a local emergency until the end of the incident period per Govt. Code Section 8630(c). This proclamation of emergency will be presented to the Board for review and renewal no less than once every thirty days. Per Govt. Code Section 8630(d), this proclamation of emergency shall be terminated as soon as reasonably possible.

Committee Action: There was no committee action due to this being an on-going Board of Supervisors item.

Fiscal Impact: The total fiscal impact has yet to be determined.
