SUBJECT: Approve release of Request for Proposals for laundry equipment for the Tri-County Juvenile Rehabilitation Facility, and authorize Administrative Services to distribute

DATE: October 25, 2022

NUMBER: 553/2022

Recommendation

Administrative Services' staff recommends the Board of Supervisors approve release of the Request for Proposals (RFP) for laundry equipment and maintenance services for the Tri-County Juvenile Rehabilitation Facility, and authorize Administrative Services' staff to distribute.

Background & Discussion:

The Tri-County Juvenile Rehabilitation Facility Project consists of design and construction of a new stand-alone facility, single-story juvenile rehabilitation facility approximately 20,080 square feet. Construction of this facility began in the summer of 2020 and the estimated completion is set for June 2023.

The purchase of the laundry equipment is one component of the furniture, fixtures, and equipment (FF&E) that will be needed for the new facility. These units must be commercial grade and support medium to high volume use. It is the intent of Administrative Services to secure a vendor with a strong skill set in not just the installation of the washer and dryer equipment, but also capability and capacity to provide routine maintenance for both units to maximize the lifespan of the equipment. Estimated cost for this equipment and installation is \$100,000.

Administrative Services recommends the Board approve the release of this RFP and authorize Administrative Services' staff to distribute.

Committee Action:

This item is brought directly to the Board of Supervisors due to the routine nature of this request.

Fiscal Impact:

There is no fiscal impact to release the RFP.
