Recommendation

Authorize Chairman to execute Amendment #1 to the Professional Services Agreement dated May 10, 2022, between the County of Yuba and Weatherproofing Technologies, Inc./Tremco Roofing and Building Maintenance.

Background

On May 10, 2022, the Board of Supervisors approved the agreement for the provision of façade and roof repair services for the Youth Rehabilitation Campus, between the County of Yuba and Weatherproofing Technologies, Inc./Tremco Roofing and Building Maintenance. The term of the agreement was set to commence on March 22, 2022, and terminate on March 21, 2023.

Discussion

Due to inclement weather and supply chain issues, initial commencement of the project was delayed several months. The services began in January 2023, and the project will be completed in April 2023. The amendment to the original agreement is solely extending the termination date to May 31, 2023, pursuant to the operative provisions of the agreement. All other terms and conditions remain unchanged.
