Subject: Invitation to Western Ridged Mussel SSA Update and Discussion, June 28 @ 2pm Pacific

Dear Interested Party,

The U.S. Fish and Wildlife Service is continuing to review the status of western ridged mussel to determine whether listing under the Endangered Species Act is warranted. As we get closer to having a draft Species Status Assessment (SSA), we would like to invite you to meet with us to share an update on our analysis work since our last meeting, as well as to discuss next steps in this process.

As, you may recall, we invited stakeholders to participate in the process of developing the SSA and 12-month finding in September 2022, followed by a coordination meeting with an update on the status of the SSA in February 2023. We are grateful for the communication and collaboration that we have had with stakeholders on this topic, and highly value your expertise and input in all aspects of this status review.

Meeting details are below:

When: Wednesday, June 28th at 2:00 pm Pacific Time

We thank you for your continued engagement and assistance in the ongoing development of the SSA and 12-month finding for the western ridged mussel.

Please reach out if you have questions and I can direct you to the appropriate contact.

Best,
Joanna
