

The County of Yuba

Administrative Services

TO: Board of Supervisors

FROM: Administrative Services, Perminder Bains

SUBJECT: Approve release of Request for Proposals for Tri-County Juvenile Rehabilitation Facility Integrated Electronic Security System Project, and authorize Administrative Services to distribute.

DATE: October 24, 2023

NUMBER: 516/2023

Recommendation:

Administrative Services' staff recommends the Board of Supervisors approve the release of Request for Proposals (RFP) for Tri-County Juvenile Rehabilitation Facility Integrated Electronic Security System Project to integrate the electronic security systems between the old and new juvenile facility, and authorize Administrative Services to distribute.

Background & Discussion:

The original rehabilitation facility was built in the 1970s on the north side of 14th street in Marysville. Through the years additional buildings were constructed to help support the rehabilitation of the juveniles. As the campus grew so did the electronic security system. The original rehabilitation facility has deteriorated and the electronic security system is antiquated.

Grant funds were received to construct a new stand-alone rehabilitation facility across the street from the campus. The facility is nearly complete and will soon be occupied. Administrative Services is recommending upgrading the old security system and connecting the campus to the new facility. The estimated cost for this project is approximately \$450,000.00.

Committee Action:

This item is brought directly to the Board of Supervisors due to the nature of this request.

Fiscal Impact:

No funding commitment, administrative only, staff time only
