

The County of Yuba

Community Development and Services Agency

TO: Board of Supervisors

FROM: Community Development and Services Agency, Samuel Bunton

SUBJECT: Community Development and Services Agency, Acceptance of the County Service Area Grading and Road Repair Project (Contract No. 2023-0002) as complete and authorize the Public Works Director to file a notice of completion.

DATE: November 28th, 2023

NUMBER: 579/2023

RECOMMENDATION:

Public Works recommends that the Board of Supervisors accept the County Service Area Grading and Road Repair Project (Contract No. 2023-0002) as complete and authorize the Public Works Director to file a notice of completion.

BACKGROUND:

The Public Works Department identified the proposed roadways as gravel roads within local County Service Areas (CSA's) that required maintenance. This work consisted of grading gravel roads by ripping and mixing the existing material with new aggregate base (AB), moisture condition materials, grading, compacting road surface, ditch cleaning/grading, culvert replacement and minor asphalt repair. This project was previously approved by the Board on May 23, 2023 and awarded to the contractor (Eschelman Construction Company) on June 1, 2023.

DISCUSSION:

The grading and repair consisted of work in four CSA's (CSA 14, 15, 30, and 44) in the communities of Dobbins, Browns Valley, Smartsville, and Camp Far West. See the attached vicinity map for locations and summary of work performed.

COMMITTEE ACTION:

The Land Use & Public Works Committee was bypassed as this project is routine in nature and was previously presented to the entire Board.

FISCAL IMPACT:

General Fund – None

CSA 14	\$75,505.50
CSA 15	\$54,525.00
CSA 30	\$26,377.32
CSA 44	\$25,798.56
Project Total	\$182,206.38
