

# The County of Yuba

## Probation

---

**TO:** Board of Supervisors

**FROM:** Matthew Ricardy, Chief Probation Officer

**SUBJECT:** Probation: Approve MOU with Sutter-Yuba Behavioral Health to continue to provide needed behavioral health services to at risk youth.

**DATE:** October 22, 2024

**NUMBER:** 590/2024

### *Recommendation*

Authorize Chairman to execute agreement between the Yuba County Probation Department and Sutter-Yuba Behavioral Health (SYBH).

### *Background*

On October 1, 2023, a Memorandum of Understanding (MOU) was signed between the Yuba County Probation Department and SYBH to provide therapeutic services to youth detained at the Tri-County Youth Rehabilitation Campus (TCYRC). Due to California Advancing and Innovating Medi-Cal (CalAIM), programmatic needs of the youth, and fiscal responsibilities of SYBH, an amendment was necessary to provide continuity of behavioral health care to the most at risk youth in Yuba, Sutter and Colusa County.

### *Discussion*

On September 24, 2024, the Sutter County Board of Supervisors approved the Frist Amendment to the MOU, which amended the length of the MOU through June 30, 2026, and provided for financial payment for services from Yuba County Probation to SYBH, and financial reimbursement for services from MediCal to Yuba County Probation based on services provided by SYBH.

### *Committee Action:*

This request is being brought before the full Board of Supervisors for consideration due to our desire to extend the MOU to continue needed behavioral health services to the most at risk youth and allow for MediCal reimbursement of such services.

*Fiscal Impact:*

General Fund: Total cost of \$181,812 per year with Yuba County's share of cost pursuant to JPA is \$87,269.76 per year

Non-General Fund: None

Source of Funds: Previously approved budget for Behavioral Health Services
