SUBJECT: Community Development and Services: Adopt resolution certifying 2024 Maintained Mileage of the Yuba County Road Network.

DATE: April 22, 2025

NUMBER: 169/2025

RECOMMENDATION:

Approve resolution certifying the 2024 Maintained Road Mileage and Functional Classification.

BACKGROUND:

This list is updated annually to reflect changes during the previous year due to abandonment's, additions from new construction, and urban boundary changes.

DISCUSSION:

Section 2121 of the Streets and Highways Code requires each County to certify to the California Department of Transportation on an annual basis the number of miles in our road system and the functional classification of street and road segments. Exhibit "A" – Tabulation and Exhibit "B" – Functional Classification Definitions and Exhibit "C" – Functional Classification Map, have been filed in the Office of the Clerk of the Board of Supervisors indicating that 5.93 miles are being added to the road system for 2024.

COMMITTEE ACTION:

The Land Use and Public Works Committee was by-passed because this certification is routinely completed annually.

FISCAL IMPACT:

None.
