NUMBER: 638/2025

Recommendation

Approve amendment #1 to the agreement with LexisNexis, increasing the number of users to 15, and authorize Chair to execute.

Background

The County entered into Agreement with LexisNexis on April 4, 2024, to provide an online research platform for attorneys and investigators.

This Amendment increases the number of users to fifteen (15) for the duration of the original term at the increased cost of $3,005 per month (from $2,205) through May 31, 2026, and $3,116 per month (from $2,316) from June 1, 2026, through May 31, 2027.

Discussion

LexisNexis provides an online research platform for attorneys and investigators. The platform includes a comprehensive collection of federal and state case law, necessary for developing motions, briefs, and complaints. Interactive tools included in the subscription enable immediate data-driven insights before submitting matters to the court.

LexisNexis prices their product based on the number of "Government Professional" users within a department, creating accounts for the specific number of users. The original Agreement includes 11 users, but the need has arisen for an additional 4 users, bringing the total to 15.
